

Hello, I am

Anamoul Rouf

I'm a Senior **UX Product Designer** with over **8 years of experience**, specialising in the logistics industry.

- At Continental Expedited Services (CES) I'm leading the design team to create user-friendly logistics systems that focus on usability and functionality, enhancing freight movement efficiency.
- At Truck Lagbe Limited, I managed a design team that designed multiple platforms for over 2 million users, achieving a **30% reduction in fraudulent cases** and a **35% increase in trip completion rates** through strategic design decisions.
- I'm known for developing design systems that **save up to 25% of designers' and developers' time**, ensuring efficiency and consistency. Proficient in Figma and FigJam, I'm also exploring emerging technologies like artificial intelligence (AI) to drive design innovation in logistics.
- I'm passionate about user-centred design, balancing complex business needs with user satisfaction, and I'm excited to bring my expertise to new challenges in the logistics sector.

I'm excited to bring my passion and expertise to new design challenges.

Leadership and Team Management:

- I've led design teams at Truck Lagbe, ShareTrip, and CES, mentoring up to 5 designers and fostering collaboration.
- At Truck Lagbe, we tackled fraud and **boosted trip completion rates** through smart design decisions.
- At ShareTrip, we **improved usability by 54%** and **grew active users by 56%** in just six months proof of my ability to drive results.

User-Centred Design:

- I'm deeply committed to understanding user needs through **empathy and data-driven decisions**.
- I've conducted UX research and testing for large user bases, like 2 million at Truck Lagbe and 1.2 million at ShareTrip, ensuring our designs really connect.

Design Systems Expertise:

- I've built and maintained design systems across companies like CES, Playground Labs, Truck Lagbe, and ShareTrip, **saving up to 25% of team time and keeping everything consistent**.

Cross-Functional Collaboration:

- I'm great at working with **stakeholders, product managers, developers, and business teams** to align design with goals. I've teamed up with CEOs and CTOs, especially at ShareTrip, to solve UX problems and boost user engagement.

Diverse Industry Experience:

- My work spans **logistics, healthcare, travel, web3, e-commerce** and more, showing my adaptability to tackle complex challenges across different fields.

Continuous Learning and Innovation:

- I've earned certifications from Google, Darden School of Business, and Coursera, and I'm passionate about emerging tech like AR, VR, and AI, keeping me ready for the future of design.

Certifications & Education:

- **Google UX** Google Career Certificates (Coursera) (2020 - 21)
